REPORTER'S REFLECTIONS
—In behalf of the co-publishers of The Telegraph and employees in all departments of the newspaper's operation, we extend to everyone a very merry Christmas and a happy and prosperous New Year.

R.H.N.

May Christmas be all these things to you . . . beauty, joy and hope . . . a home filled with love . . . abiding faith . . . friends and neighbors coming to call . . . the joy of giving . . . happiness, peace, contentment, too . . . the best of everything from me to you.

E.G.

The birth of the Babe of Bethlehem unites Christians around the world in a spirit of love, friendship and good will, despite the barriers of language and human prejudices.

As we gather with friends, families and loved ones this holiday season, may we all, in our own way, seek to find the true meaning of the Christ Child's birth. Happy Holidays.

I.G.K.

A sincere wish that the spirit of Christmas will remain in your hearts and homes throughout the New Year, and may the true meaning of the holiday season be the basis for increasing friendships and brighter hopes for years to come.

F.P.T.

Merry Christmas and a Happy and Prosperous New Year to all of Dixon's avid sports fans. Let's all hope that this holiday season can be as eventful as last, with the Dixon Dukes coping their second straight Rockford Holiday Classic.

M.J.J.

May the spirit of Christmas not end with the holiday season but prevail throughout the coming year. May we retain the spirit of thoughtfulness, kindness and consideration of others. I wish our subscribers, area correspondents and co-workers a fuller, richer and more rewarding life in the new year to come. A very merry Christmas to all.

J.M.

Take 10 minutes Christmas Eve to remember those in hospitals, institutions, prisons, and in the armed forces who are unable to be with their families. This is the loneliest time in their life. Then have a Merry Christmas and a good New Year.

T.G.

A very merry Christmas and the happiest of New Years to those whom I have met since joining The Telegraph staff and to all others of the area.

Five States Are Darkened

By United Press International
Breaks in two 230,000 volt lines near the Idaho-Oregon border today was believed to have been the cause of a power failure which darkened portions of five western states.

The blackout affected most of Utah, large areas of southern Idaho, eastern Oregon, western Wyoming and southwestern Montana.

A spokesman for Utah Power and Light Co. likened the power failure spread to "falling tenpins."

Turkey On the Menu

The traditional turkey dinner appears to be the order of the day for residents, patients and inmates of various area institutions.

Residents of Orchard Glen Nursing Home will be served the following noon meal on Christmas Day: lime shrub, roast turkey and dressing with gravy, candied sweet potatoes, frozen peas, overnight fruit salad, cranberry relish, relish trays, rolls and mince meat pie.

Inmates of the County Jail will be treated to a turkey dinner with all the trimmings prepared by Mrs. Jessie Taylor, matron. As of press time today there was only one prisoner.

Prisoners in the Ogle County Jail at Oregon will also feast on turkey with all the trimmings prepared by Sheriff Ed Lang's wife.

There were 10 prisoners being held in the jail as of 11 a.m. today.

Residents of Dixon State School will be treated to roast turkey, sage dressing, giblet gravy, mashed sweet potatoes, frozen buttered peas, cranberry sauce, bread and butter, coffee and milk and mince meat pie.

Patients of KSB Hospital in Dixon will be served the traditional Holiday Dinner on Monday. Hospital officials revealed today.

According to the hospital, the menu will consist of roasted Tom-Turkey, mashed potatoes and gravy, mixed vegetables, salad, rolls, coffee or milk and raspberry sherbert for dessert.

Nachusa Lutheran Home for Children in Nachusa reports that the majority of the children at the home will be visiting relatives in the immediate area over the holidays, but that those remaining on the grounds will be served turkey and dressing in their cottages.

County Nursing Home officials reported today that roast chicken and dressing will be on the menu for Christmas day in addition to mashed potatoes and gravy, peas and carrots, cranberries, hot rolls and butter, with jello and whipped cream for dessert. Coffee milk and juice will also be served with the meal.

Some 83 patients will be served this meal on Christmas Day, Lee County officials reported.

ZIP Code Mr. McGee

The Chicago postmaster's slipped ZIP is showing.

The office of Cook County Board President Richard B. Ogilvie Friday announced receipt of a Christmas card addressed simply to him as "President, County Board."

Without designation of the building, city, state or ZIP code, it arrived, somehow, in the mail.

It was from Postmaster Henry W. McGee.

FAITHFUL TO THE SPIRIT OF THE FIRST CHRISTMAS is "The Nativity," by the Florentine painter Mariotto Albertinelli (1474-1515). The simple scene presents the Christ Child, with Mary and Joseph, in a realistic setting, and background detail suggests a hillside manger, typical of the rocky caves which were used for stables in Bethlehem. Painting is in the Uffizi Gallery, in Florence, Italy.

Christians Observe Christ's Birthday

"And suddenly there was with the angel a multitude of the heavenly host praising God and saying, Glory to God in the highest, and on earth peace, good will toward men."—Luke 2:13-14

In church services this Christmas season, Christian everywhere gather to commemorate the miracle of a holy night nearly 2,000 years ago. The message of Christmas lives anew — in candlelight and carols, in pageants and prayers.

Joyfully, the happiness of Christmas finds expression in music and song. Choirs sing the praises of the Babe of Bethlehem, and sacred hymns and carols reflect the spirit of rejoicing. Even as the herald angels sang to shepherds long ago, so now exultant voices join in proclaiming the Birth of Christ, with "on earth peace, good will toward men."

"And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us."

"And they came with haste, and found Mary and Joseph, and the Babe lying in a manger."

Luke 2:15-16

Along with the joyous exultation, there is a spirit of thankful humility in celebration of this holy Day. In both church and private

2 Million Pounds of Turkey for Troops

WASHINGTON (UPI)—While President Johnson carried his Christmas tribute in person to American fighting men in Southeast Asia, millions of other U.S. servicemen and women received the Commander in Chief's praise over military communications systems for a job well done.

In an annual holiday message, Johnson lauded the nation's 3.4 million military personnel for faithful service.

"Because of your courage and your steadfastness, freedom endures on this earth," he said.

Turkey Dinner Scheduled
The President's message to the armed forces Friday was accompanied by similar greetings from the civilian secretaries and military chiefs of each service, and assurances that most American fighting men around the world would enjoy a traditional holiday dinner.

The mess hall menu will include shrimp cocktail, roast turkey with cornbread dressing and giblet gravy, mashed and glazed sweet potatoes, buttered mixed vegetables and cranberry sauce, relish tray, butterflake rolls and butter, fruit cake, mince meat and pumpkin pie

with whipped cream, fresh fruit, nuts and candy.

The Defense Department said the only troops likely to miss the dinner are those in Vietnam on patrol during the holiday ceasefire or otherwise required to eat ration fare.

The Pentagon's computers estimated U.S. troops would consume 2,270,000 pounds of turkey during the holiday.

Mail Airlifted
They added that more than 17 million pounds of Christmas mail have been airlifted to Vietnam since the holiday rush began, an average of 30 pounds of mail for each of the 470,000 men stationed there.

The President, in a message released by the Pentagon, told the servicemen that they are preserving freedom. "Without freedom there could be no peace—only a dead dream in a darkened world," he said.

"And with freedom's survival, man's hope for peace is strengthened."

"This is the meaning of your service and sacrifice in this season when the souls of men are tested again," Johnson said. "No Americans before you have more surely earned the nation's tribute."

Investigation In DSS Death Is Concluded

State's Atty. Henry S. Dixon and Sheriff Jack E. Van Meter, in announcing the closing of an investigation at Dixon State School of the beating-death of a patient at Dixon State School, criticized Supt. David Edelson "for waiting six days before notifying the sheriff's department of the death."

Conclusion of the long probe disclosed Robert Corley, 31, Chicago, who was found dead in his bed the morning of Nov. 30, "probably was involved in three acts of violence."

The report of Dixon and Van Meter, however, stated there would be no arrests because two men who admitted beating Corley were "mentally incompetent to stand trial."

The Telegraph first reported Dec. 8 that a possible homicide had occurred at the institution, after learning of the incident from an undisclosed source.

At that time, a Telegraph reporter spoke with Edelson and asked why the incident had not been disclosed.

Edelson said then that the institution, at the direction of the state's attorney, agreed "not to make public the death of Corley until the investigation was complete."

Dixon and Van Meter reportedly suggested: "School officials adopt a policy of notifying the school security force and the sheriff any time a crime is committed and not attempt to conduct a police-type investigation without assistance."

Edelson today said, "We (institution officials) have not yet consulted with Dixon and he has not made any report to me officially about the investigation having been concluded."

"It was my expectation that law enforcement agencies in the county, Mr. Dixon, and DSS officials, were to confer at the conclusion of the investigation."

This has not been done, Edelson said, and he announced he would prefer not making any "official comment at this time, until I do confer with local authorities."

An autopsy had revealed that Corley died of 12 broken ribs and a punctured lung and the investigation showed he was involved in a fight with another patient the night of Nov. 29.

As a result of "inconclusive" lie detector tests given to two school employees Tuesday, the investigation report states it appears "there was some sort of

violence" involving them and Corley after the first fight was broken up.

"The report shows that two other patients admitted they placed a wet towel around Corley's neck about 11:30 p.m. Nov. 29, pinned him to his bed and took turns beating on his chest with their fists in a third fight."

"There is no evidence at this time to warrant the arrest of either of the employees believed to be involved in an earlier beating of Corley," Van Meter said.

He said "it appears to me that death was due to final beating at approximately 11 p.m. on Nov. 29."

While authorities indicate in their report that they strongly believe the two employees in question participated in some way in an earlier beating of Corley on Nov. 29, and that possibly they (the employees) were on hand while the two other patients were beating Corley, but did nothing to stop it."

However, they said there is insufficient evidence "at this time" to warrant an arrest of either of the two employees.

The two employees believed to be involved, have continued in employment at DSS and Edelson earlier said that if, at the conclusion of the official investigation, nothing legally is done to the employees, and evidence does warrant administrative action, it would be taken."

Man Killed In Accident

POLO — A Milledgeville man was thrown from his auto and killed Friday evening when it left the road on the icy Milledgeville blacktop and rolled over several times.

Dead is Richard A. Kendall, 21, Rt. 1, Milledgeville, an Army veteran who was discharged this year after serving 18 months in Vietnam.

The auto was westbound on the Milledgeville blacktop six miles west of here when it apparently struck an icy spot in the road, left the road and tore through a fence into a cornfield rolling over several times.

Kendall who was pronounced dead at the scene was employed by the Dixon Admiral Corporation.

An inquest will be scheduled later.

Visits Men In Vietnam

ROME (AP) — President Johnson flew on from Pakistan today for Rome and an audience with Pope Paul VI, informed sources said, after telling U.S. fighting men in Vietnam: "What you have done will not have been in vain."

Johnson flew to Karachi, Pakistan, from the big Cam Ranh Bay base where he told U.S. troops: "The enemy cannot win, now in Vietnam, you have seen to that."

Johnson paused in Karachi for a two-hour talk with President Mohammed Ayub Khan. The subject of their secret talks was not disclosed. An ally of the United States, Pakistan has been moving closer to Red China.

Johnson's plane later flew over Tehran, the capital of Iran, without stopping.

Reports in Rome and Washington said Johnson wants to explain personally to the Pope why the United States is pursuing its policy in Vietnam. The pontiff issued a new call Friday for the United States to suspend the bombing of North Vietnam and for the Communists "to give a sign of serious will to peace."

Italian Communists prepared to stage anti-American demonstrations in Rome and police braced for possible widespread violence. Anti-Johnson banners were already up in the streets.

It was speculated that to save time and avoid contact with demonstrators, Johnson might take a helicopter from one of the two Rome airports to the Vatican.

Leaflets scattered in the streets by the Communist party read: "Johnson we don't want you. Babies are being killed in Vietnam, hospitals, schools, churches, cities, villages are being bombed. Men and women are being burned with napalm."

"Tortures like those done by the Nazis are being committed. They want to exterminate an entire people. From this is born the threat of world peace. Johnson, Christmas is not your day and '68 will not be your year."

The Vatican daily newspaper L'Osservatore Romano deplored a Communist party statement calling a stop by Johnson in Rome an "intolerable provocation." The newspaper assailed Communist plans for demonstrations.

The weather at Cam Ranh was crisp and bright with a thin haze softening the dull brown surrounding mountains as the blue and white Air Force One touched down and taxied up to where all the top U.S. and South Vietnamese military officials waited.

The President stepped off the plane wearing brown slacks, a khaki shirt and khaki windbreaker. He shed the jacket as the morning grew warmer.

Troops were drawn up in parade formation at the airstrip but before Johnson began to speak, Gen. William C. Westmoreland, U.S. commander in Vietnam, shouted for them to break ranks and come in closer.

They happily jammed around the back of an Air Force trailer truck on which Johnson stood to give his address.

In his visit to the hospital—the same hospital he visited a year ago—the President was moved by the sight of wounded GIs. He pinned Purple Hearts on the pajamas of 20 wounded men. In one case, where a soldier was so badly burned he could hardly speak, Johnson pinned the medal on his pillow.

An informed source in Madrid said Johnson's plane would refuel and he would spend tonight there on his way home. What

Garrison Issues Warrant

NEW ORLEANS (AP) — Dist. Atty. Jim Garrison's office issued an "at large" arrest warrant today for Edgar Eugene Bradley, charged with conspiring to murder President John F. Kennedy.

The arrest warrant was the first step toward extradition proceedings to get Bradley into Louisiana, where he could be prosecuted. Bradley, who lives in North Hollywood, Calif., has denied any part in the Kennedy assassination.

Acting on the warrant, Sheriff Louis Heyd Jr. said he telephoned Sheriff P. J. Pitchess of Los Angeles County, advising him that a copy of the warrant for Bradley's arrest would be sent by mail.

Asked if he expected Pitchess to apprehend Bradley on the basis of the telephone call, Heyd said: "That's up to him." Heyd said Garrison's office had advised him that Bradley lived "in the greater Los Angeles area, that is, North Hollywood."

He (Bradley) is the one who talked to the newspapers," Heyd said.

The warrant said bond for Bradley had been set at \$10,000. This will stand unless Criminal Dist. Court Judge Matthew Braniff, to whom the case has been allotted, orders it lowered.

On learning of Garrison's action against him, Bradley, 49, said in Los Angeles: "This man is either being highly paid to do this or he's off his rocker."

Smash Force

SAIGON (UPI)—U.S. Paratroopers fresh from home smashed a Communist force encountered during a training "dry run" near Saigon, military spokesmen said today. Around U.S. bases troops formed defensive screens and prepared for a brief Christmas truce.

President Johnson, returning home from Australia, paid a visit to the big U.S. port and supply complex at Cam Ranh Bay.

He wished the troops Merry Christmas and told them the United States would remain in Vietnam "until we achieve peace with honor."

The clash near Saigon involved a patrol of the "Screaming Eagles" 101st Airborne Division who killed 14 Communists in a Viet Cong force they ran across during training. There were no casualties reported among the Americans who arrived Dec. 9 with the rest of the 101st.

Monitor Communist Moves
U.S. military sources said field commanders had ordered their men to keep a watch on Communist movements during the holiday ceasefire. The Americans are prevented by the temporary truce from initiating any action during the 24-hour period beginning at 6 p.m. Sunday.

The Communists have used the truce periods to move war supplies and shift locations of their bases.

The ceasefire will ground all warplanes except reconnaissance flights over North and South Vietnam, but military sources said the bombing of the Ho Chi Minh trail where it winds through Laos will continue despite the truce.

The air war over North Vietnam was limited by monsoon weather to only 77 missions, but they cost two American warplanes shot down by Communist ground gunners, spokesmen said.

One of the downed planes was a new A7 Corsair, the first one of the new planes to be lost since they entered Vietnam service Dec. 3, the spokesmen reported.

Pilots Missing
The other was an A4 Skyhawk. Both pilots were listed missing.

It boosted the American air losses over North Vietnam so far this year to 317 and to 769 for the war, the officials said. A sharp-eyed helicopter pilot following a well-used jungle trail uncovered a nest of Communists hiding in a cave on South Vietnam's northern coast, the spokesmen said. Air strikes summoned by him left 39 of the guerrillas dead.

In other fighting today Viet Cong guerrillas hit a South Vietnamese army outpost 45 miles northwest of Saigon and government spokesmen said they inflicted "heavy" casualties before being driven off by artillery and air strikes.

In Saigon's outskirts a terrorist tossed a hand grenade into a group of South Vietnamese soldiers, spokesmen said. A number were killed or wounded, they said.

High Winds Halt Work

POINT PLEASANT, W. Va. (UPI)—State Police revised downward to 13 today the number of confirmed missing in the collapse of the Silver Bridge into the Ohio River eight days ago.

The number of known dead stood at 32. The figure was reached when three more victims were taken from the swift, cold stream Thursday.

Officials could not estimate the number of vehicles still on the river bottom. They were hurled there when the bridge collapsed during rush hour traffic.

Memorial services for the dead and missing are part of Christmas season programs in this river community. The local high school Friday combined its Christmas program with silent prayer for the dead. More services are scheduled Sunday.

High winds and rough water Friday brought dragging operations to a near standstill.

Skilled divers and expert crane operators were to continue working through Christmas day. So far they have recovered 14 cars, six tractors and a truck cab from the river's muddy bottom.

Deaths and Funerals

Woman Dies Of Injuries

POLO — Carline Toms Cachero, 18, Phoenix, Ariz., a former PO resident, died Friday afternoon of injuries received Dec. 16 in a motorcycle accident in Phoenix.

Mrs. Cachero, who died without regaining consciousness, had received a skull fracture, spinal and internal injuries in the mishap. Her husband, Michael, received minor injuries.

Her father, Earl L. Toms, on emergency leave from Vietnam, and her brother, Pvt. James Toms, home from Vietnam, were with her at the time of her death.

She was born in Polo during 1949, the daughter of Earl M. and Janet Hurless Toms, and attended Polo schools.

Survivors include her husband, a month-old daughter, Cynthia, at home; her parents, and her brother, James.

Funeral services and burial will be in Phoenix.

James P. Todd

POLO — James P. Todd, 63, 410 W. Dixon St., died Friday afternoon after suffering a heart attack while at work at Kable Printing Co., Mount Morris.

He was born Aug. 23, 1904, in East Grove Township, Lee County, the son of William and Mary Sharkey Todd. He married Alice Hawthorne, Feb. 14, 1929, in Rochelle. He lived all of his married life in the Polo area. Mr. Todd was a member of St. Mary's Catholic Church and was employed by the Kable Printing Co., Mount Morris, for the past 14 years.

He was preceded in death by a son.

Survivors include his widow; three sons, James Jr. and La Verne, both at home; and Leo, Mount Carroll; a brother, William, Ohio; a sister, Mrs. Frances McCullough, Ohio; and four grandchildren.

Services will be held Tuesday at 9:30 a.m. in St. Mary's Catholic Church. Burial will be in St. Mary's Cemetery.

Friends may call in the Brown-Seidel Funeral Home Sunday and Monday from 7 to 9 p.m. where the Rosary will be recited Monday at 8 p.m.

Recover Vehicle

Dixon Police today recovered a stolen pickup truck left abandoned in an alley in Dementown and stolen from a Polo manufacturing company.

Police said the truck, left abandoned without gas and with a flat tire, was stolen this week from the Graco Manufacturing Co., Polo.

Accidents May Kill 625-725 Travelers

By THE ASSOCIATED PRESS
Holiday travelers were on the move again today crowding the nation's highways and jamming into bus, train and airline terminals to get transportation home for Christmas.

The first peak push came Friday afternoon when millions of Americans got off work, gathered their families and headed "back home for Christmas with grandma," in the words of one airline agent.

While cold, clear weather covered most of the country today providing dry roads for motorists, the National Safety Council estimated 625 to 725 persons would die in traffic accidents before midnight Monday.

The toll since the count began at 6 p.m. local time Friday stood at 101 at 10 a.m. today. Safety council statisticians estimated motorists will drive a total of 7.9 billion miles during the three-day weekend—300 million more than during a nonholiday period of equal length.

As a basis for comparison The Associated Press made a survey of motor vehicle fatalities during the three-day nonholiday weekend from 6 p.m. Friday, Dec. 15, to midnight Monday, Dec. 18. The total was 484.

The crush of cars starting out Friday created many a late afternoon traffic jam. Philadelphia police reported the midtown traffic was the worst in five years and expected a bigger jam today.

At the height of the crush two young girls and a man in a white sports car drove up Broad Street, a main artery, stopping

to give every traffic patrolman a cup of coffee and a doughnut.

At Philadelphia's international airport, as elsewhere, extra planes were put on to handle the holiday push. One official said the biggest flow was to the south—Miami and San Juan, P.R.

In Miami, where the forecast for Christmas Eve calls for temperatures in the upper 70s, holiday tourists were packing in. Southbound traffic on the Sunshine State Parkway Friday was up 16 per cent over the same day last year.

Eastern Airlines reported a record 8,211 inbound passengers to Miami Thursday and about the same number Friday. "It's the heaviest traffic the airlines have ever had into Miami," said a spokesman.

There was a half hour wait for a cab at the airport.

And the Seaboard Coast Line Railroad brought in 2,100 visitors to Miami on four trains from New York and one from Chicago—up 1,100 from a normal southbound day according to a spokesman.

There was heavy rail traffic reported also on the New York Central Railroad's recently revised "Empire State" service between New York City and Albany.

Nearly half a million passengers were expected to embark and disembark from 12,400 airliners in New York's three major airports from Friday through Tuesday, a 16 per cent increase over last year.

Airlines in Chicago were trying to turn the travel crush

at O'Hare Airport into a profit for Travelers Aid by providing volunteers to solicit a special collection for the aid group.

Terrific traffic congestion was reported Friday around Los Angeles International Airport. The California Highway Patrol said there was heavy congestion on all freeways leading from the Los Angeles metropolitan area.

A Greyhound bus spokesman in Los Angeles said there was "heavy traffic but we're handling it as fast as possible with no undue delay."

Operator Is Hired

OREGON — Walter Janssen has been hired as operator of the Oregon disposal plant effective Jan. 2 at a yearly salary of \$8,000 Commissioner Christie Myers announced when the council met Friday night.

Three bicycle racks have been installed on the edge of the downtown area Commissioner Clarence Lumsden announced. This will keep bicycles off sidewalks and streets in the business area.

According to Lumsden racks have also been installed at the Ogle County Courthouse square on Fourth and Washington Streets, on the Fifth Street municipal parking lot and near Third Street between Washington and Jefferson Streets.

(Continued from Page 1)

1. Milledgeville, was born Jan. 2, 1946 at Freeport, the son of Franklin and Margaret Rife Kendall.

He served in Vietnam for 18 months and returned from his tour of duty last summer. Mr. Kendall was a member of the Polo VFW.

Survivors include his parents, a brother, Mike, at home; his paternal grandmother, Mrs. Alta Kendall, Milledgeville, and his maternal grandmother, Mrs. Roy Rife, Lanark.

Funeral services will be Tuesday at 1:30 p.m. at the Woodin Funeral Home, Milledgeville. Burial will be at Dutch Town Cemetery, Milledgeville.

Friends may call at the funeral home after 7 p.m. Monday. A memorial fund has been established for the Mount Carmel Orphanage.

Dr. Barnard Flies to U.S.

JOHANNESBURG (UPI)—Dr. Christian Barnard, who performed the world's first heart transplant operation, flew today to the United States.

Barnard did not attend the funeral Friday of Louis Washkansky, 53, who lived for 18 days with the heart of 25-year-old Denise Darvall beating in his chest. Miss Darvall was killed in an automobile accident Dec. 3, the day the transplant operation was performed.

Barnard said he did not attend the funeral because of exhaustion and his impending flight to America. At Johannesburg's Jan Smuts Airport the 44-year-old surgeon appeared tired and pale. His face was heavily lined from loss of sleep.

"We are planning new operations in a month or two," he said. "We have a few patients in view. What we have learned from this operation will be applied with benefit to future heart transplants."

Rock Falls Man Charged

Samuel F. Elgin, 49, 1022 Lincoln St., Rock Falls, Friday was charged with driving while intoxicated after a minor accident in the city parking lot between S. Hennepin Ave., and W. Second St.

Home and Christmas

By DAVID POLING

Home is the most powerful emotion when people think about Christmas. The big question asked in New York, Los Angeles and Paris is, "Are you going home for Christmas?" In a year when young men are far away from home in the Army or the Peace Corps, Christmas again becomes the poignant and painful season of separation.

But think about this: Jesus Christ was born away from home. When Mary brought Jesus into the world they were en route to Bethlehem. St. Luke tells us about the taxation procedure that sent Joseph from Nazareth to Bethlehem to be "enrolled." This was his home city and yet the Holy Family was unable to find accommodations for the birth of the Christ Child, finding shelter in a primitive barn.

Consider this: Everyone included in the Christmas story was away from home. The shepherds who came to honor the birth of Christ did some traveling. The Wise Men crossed mountains and valleys and rivers to greet this newborn King. Christmas and the coming of Christ did not mean homecoming or family reunions as much as it illustrated the dramatic appearance of God's love and promise to a frightened and weary world.

Christmas is really the deep and abiding feeling in your life that comes from the birth of Christ. Christmas is a person and not a place.

Now if Christmas is not confined to homecoming, not limited to the family circle nor hampered by a geographic togetherness, then a rich and powerful meaning has come into our lives. Wherever we are, God's gift through His Son becomes a refueling and renewing experience in every heart that responds to the hope and promise of this birth.

Gilbert Highet reminds us that George Washington kept one of the most complete diaries of

any person during colonial days in America. His journal, which spans a period of almost 40 years, seems to find its highlights around Christmas. And for Washington, many Christmases were spent far from home and family.

For instance, in 1751, at the age of 19, he spent Christmas at sea, taking his brother Lawrence to the island of Barbados. His ailing brother was on the verge of collapse and George became his escort and nurse as they wintered in a more temperate climate.

At the age of 21, Washington spied out the French forts along the Ohio River. He celebrated Christmas by fording the Allegheny River, which was swollen with ice, in an effort to escape from the French and Indians who stalked this young patriot.

Throughout his life, the man who loved Mount Vernon, family and home was to be denied them so often. We think of his Christmas attack on Trenton and the wintry Yule at Valley Forge the following year.

In the last diary entry that he made, on Christmas, 1798, Washington wrote with a vision of all the years that had been filled with hardship, treachery, victory and illness these lines:

"It is not necessary to be brave or clever or generous or beloved or even happy. It is necessary simply to do one's duty. All else flows from that."

At Christmas, no one was home, but everyone doing their duty. Joseph was on his way to pay his taxes. The shepherds were watching their sheep. The Wise Men were following the scholar's road of study and travel. God revealed Himself to all of these and especially to Mary, the world's first refugee. Chesterton was right. When we have found the Person, then we will be in the right place. (NEA)

The Doctor Says

By W. G. BRANDSTADT, M.D.

Q—My 18-month-old son gets bloodshot eyes from time to time. What causes this?

A—The most common cause is infection. If the inflammation accompanies a head cold it will clear up as the cold goes away. If he has no cold, allergy is possible. Soap in his eyes is another. You should consult your pediatrician to determine the exact cause so that the proper treatment can be prescribed.

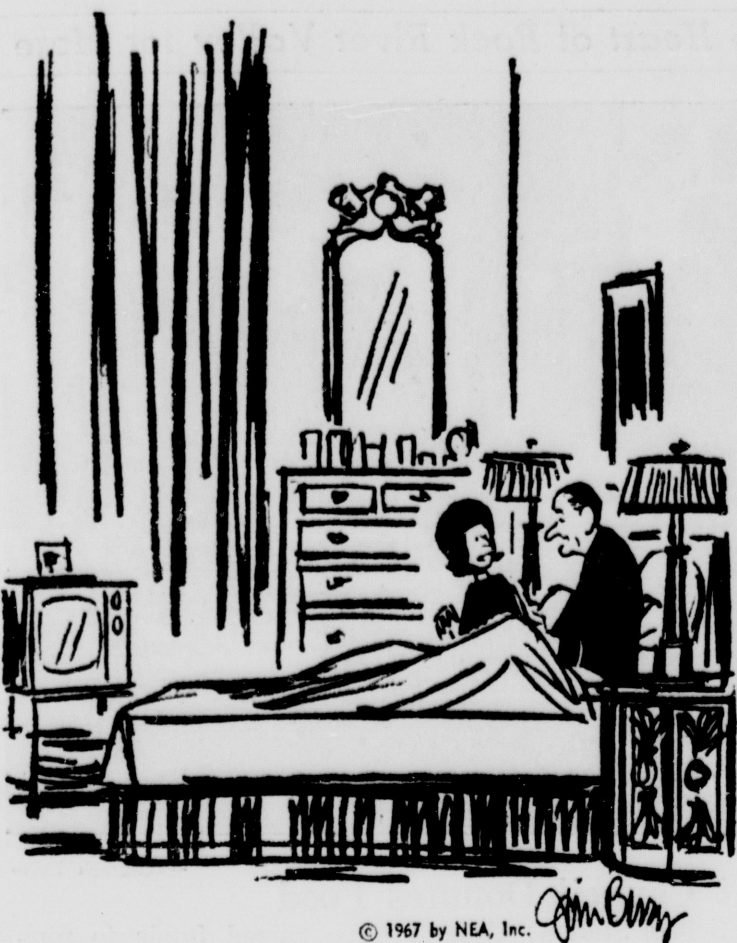

Q—Two of my six children like to eat dirt. Is this harmful? Do they lack some vitamin or element of nutrition?

A—Maybe they have heard the old wives' tale that every child must eat a peck of dirt and they want to get it over with. This is not a good idea, however, because who can tell what germs or poison may be present in a random sample of dirt? A lack of iron is a more likely cause than a lack of vitamin. Iron dextran complex (Imferon) or iron sorbital citric acid (Jectofer) have cured many children who have a bizarre taste for dirt due to an iron deficiency. Both drugs require a doctor's prescription. (Newspaper Enterprise Assn.)

By ANN LANDERS

Dear Ann Landers: The letter from the LSD user caused a lot of talk on our campus. I heard some kids say, "That settles it for me." Can you use one more letter that might "settle it" for some others?

I'm a 20-year-old college student (male) who thought it might be a groovy experience to "expand my mind." I smoked a couple of joints (marijuana) and felt pretty good after the pot excursions. The next step for me was LSD. I figured if pot made me high, LSD would really zoom me out of this world. You wouldn't believe how easy it is to get LSD around here.

My first trip was fair but my second trip was bad — very bad. My third trip was agony. It took me three days to figure out who I was and where I was. That was two months ago and I'm far from normal as I write this letter.

In a crowd (study halls are crowded) I still get that up-tight feeling. Don't ask me what I'm afraid of. I don't know. A casual conversation usually turns into a heated argument. When anyone disagrees with me I become furious. Later I am filled with remorse and I get awfully depressed.

During these depressions all my character defects loom up in exaggerated form to plague me. I feel like the biggest liar, the laziest, most useless, rottenest person on earth. I get to thinking maybe I don't deserve to live and suicide seems like the sure way to take me out of my misery. Then a voice that sounds like God keeps saying, "You'll come out of this. Fight back." So I keep fighting.

I am luckier than most kids. My parents are great and they have been very understanding. I am under psychiatric care and I know now that one day I'll make it back.

I hope you will print my letter, Ann, and give me the opportunity to help some other stupid kid to learn for nothing what nearly cost me my life. — EX HIPPIY

Dear Ex-Hippy: Here's your letter and my thanks for writing it. Now, may I add a word?

There are no shortcuts to peace of mind and inner security. Contentment cannot be found in a bottle, a pill, a needle or on a sugar cube. The person who wants to get away from himself is the very one who can least afford to try it. He is the cop-out, the unstable, maladjusted personality who will crack when the going gets rough. He is the very one who should grab hold of something solid and hang in there for all he's worth.

No one ever solved a problem or wealt successfully with a crisis by running away from it. Drugs and alcohol are methods of escape. All they do is further befuddle and finally depress an already confused and unhappy person.

Physicians all over the country have reported an increasing number of psychotic teen-agers who have flipped out after experimenting with drugs. Some of these kids will never be rational human beings again as long as they live. What a terrible price to pay for a "groovy experience."

Stephen M. Aug Government Loses Power To Limit Citizens' Travel

WASHINGTON (AP) — The federal government has been stripped of its power—at least temporarily—to restrict travel abroad by U.S. citizens.

A three-judge federal appeals court ruling earlier this week limited the government to restricting the travel of the citizen's passport, but not of the citizen.

The ruling came in a single decision on two cases involving:—Staughton Lynd, a Yale history teacher who visited Hanoi in 1966.

—Jane Wittman, a New York school teacher who traveled to Cuba in 1964.

Voice of The People

Dear Sir:

It was with a sickening feeling that I read the front page feature article on Wednesday mite Dec. 20th in your newspaper with an AP New York date line, regarding the observance of Christmas in our school systems.

The school boards should base their decisions as to school programs, as some have done, on what is the desire of the community as a whole. This takes courage in face of legal action but public sentiment will support their actions. The citizens of our country are usually apathetic but can be aroused and must be in face of such absurd complaints.

This nation has been built on religious freedom and tolerance and was founded by the Pilgrims with such freedom in mind. To allow such atheistic nit pickers as the American Civil Liberties Union and Garry DeYoung of Duluth, Minn., and Mrs. Shirley Friedman of East Patterson, N.J., who only number in the 100's to deprive us of our traditions and beliefs shared by almost all religions and faiths numbering nearly 200,000,000 is utterly absurd.

These same people are tainted daily then in handling the money of this nation all pieces of which bear the inscription of "In God We Trust". They are willing to accept this in a double standard of religion and government.

Many of our public buildings have on their facades religious inscriptions engraved in stone and mention is made of God in scrolls etc., in the interior of these buildings. I believe that the U.S. Senate, House of Representatives and Supreme Court open their daily sessions with a prayer, the swearing in to office of public officials from the President of the United States down is done on a Bible. These ceremonies will soon be done away with if the trend of such objections continues.

If these atheists do not like what they find is acceptable and traditional to the great majority of our people why don't they go to Red China, the Soviet Union or Cuba where such action and thinking is part of these countries way of life. I doubt if they would leave our shores as the life in this country is good to them.

It is unfortunate that so much unfortunate publicity is given to these few individuals and organizations. If those of us that take issue with them would receive as much publicity and press coverage these objectors would soon be smothered and would accept these "constitution rights violations" as they accept our standards of decorum, law enforcement and other benefits this Christian nation has given them.

The U.S. Supreme Court should take a good look at the original Bill of Rights and Constitution and base their decision on what the founding fathers had in mind when this nation was formed and also what is best for the MAJORITY of our citizens.

Signed:

Howard J. Hall

display in S. S. Dodge's show window today.

Chas. E. Cradle has for the past few days been troubled with pen paralysis in recovering the use of the hand. This peculiar affliction is only common to constant writers and although able to use the hand in any other way, it is impossible to write or even hold a pen or pencil.

Miss Wittman's passport was revoked because she refused to give the State Department any assurance she would not use it to travel to Cuba.

In her case, the court said the department could revoke her passport because her sole purpose was to visit Cuba—a nation to which travel by U.S. citizens is restricted.

Lynd's case was more complicated. His passport was revoked after he promised not to use it for travel to North Vietnam. But he refused to promise the State Department that he would not travel to a restricted country—albeit without his passport.

In essence, said the court, while the State Department may take steps to prevent unauthorized use of a passport because it is an official government document, it does not have the power to prevent an individual from entering a restricted nation if he does not use his passport to get there.

The court put it this way: "In short, we think the secretary (of state) has authority to control the lawful travel of the passport, even though Congress has not given authority to control the travel of the person."

Thus the State Department may, for example, require a person going to North Vietnam to deposit his passport for safekeeping with a U.S. embassy in a country along his route. He could pick it up again after he finishes his North Vietnam visit.

The court decision may well force the State Department to return Stokely Carmichael's passport to him if he gives as-

surance he will not use it to visit a restricted nation. His passport was revoked on his return to this country because he visited, among other places, Cuba and North Vietnam.

The State Department currently lists five nations to which U.S. citizens may not travel: China, Cuba, North Korea, North Vietnam, Syria. The Supreme Court has upheld the department's power to issue such a list.

But in a 1958 decision the highest court upheld the right to travel as one protected by the Fifth Amendment to the Constitution which says a citizen may not "be deprived of life, liberty, or property, without due process of law." The liberty includes travel, said the court.

The State Department has 90 days in which to appeal the three-judge court decision to the Supreme Court. No decision on an appeal reportedly has been made.

The department's problems in actually restricting the right to travel might be solved by passage of legislation pending in Congress which would make it a crime to travel to a restricted country—with or without a passport.

Although some government lawyers believe such a law would be constitutional, they concede the crime might be difficult to prove.

After all, they note, how could you subpoena a North Vietnamese immigration official to testify in a U.S. court that an individual did, indeed, visit North Vietnam?

Should Calendar Year Be Fiscal Period for U.S.?

By EDMOND LEBRETON
Associated Press Writer

WASHINGTON (AP) — Everyone knows Jan. 1 is New Year's Day. But the federal government doesn't conduct its money affairs on that basis.

Practically all individual citizens run their affairs, are taxed, keep their books and generally live on the basis of a Jan. 1-Dec. 31 year.

But, like many state and local governments, Uncle Sam operates July 1-June 30. His bookkeepers aren't welcoming a New Year this season—they're just logging the halfway mark in fiscal year 1968.

This wouldn't matter much if Congress observed the same calendar as the executive branch. But the lawmakers go along with the general population, starting their sessions in January.

The timing misfit causes increasing trouble. But the chances are something may be done about it.

The July 1 fiscal year start is a holdover from the days of a smaller, simpler national government. Congress, even when it used to convene in March, could easily provide for the modest financial needs of such a government by July and the fiscal year could get under way with the books nice and tidy.

But when fiscal year 1968 began last July 1, Congress had passed just 1 of the 13 money bills needed to finance the government. The others were at various stages in the long legislative process. Five had not even cleared the House, where all originate, and legislative action on two was not completed until the last day of a long session, Dec. 15.

In such circumstances Congress falls back every year on a rickety device called the "continuing resolution." It is a hastily passed authorization for departments whose appropriations are pending to keep on spending at approximately the current rate.

This year the routine approval of continuing resolutions got snarled with a congressional drive to put mandatory spending curbs on the lawbooks.

Miss Koepke Becomes Bride of Stevin Helin

The Cathedral of St. Luke in Ancon, Panama Canal Zone, was the setting for the Nov. 25 wedding of Miss Gertrude Kandi Koepke, daughter of Capt. and Mrs. Lyle Lawrence Koepke, Santa Clara, Republic of Panama, and Stevin Convis Helin, son of Mrs. Kenneth L. Helin, Dixon, and the late Mr. Helin.

Rev. W. W. Baldwin was officiating clergyman for the double-ring ceremony, and altar decorations included garlands of foliage, bouquets of white asters and carnations, and lighted tapers in candelabras.

The bride's floor-length wedding gown of white organza over satin, was designed with tapered sleeves, an embroidered front panel and a satin-bordered cathedral train. Her fingertip veil of illusion tulle was held by a satin cabbage rose trimmed with seed pearls, and her bridal bouquet combined white orchids and gladioli.

Mrs. Annabelle Meehan, matron of honor, was attired in a full-length gown of beige crepe complemented by a matching ribbon hat and a cascading bouquet of orange-red carnations.

The bridesmaids, Miss Taffy Grace Koepke and Miss Kathryn Sherry Koepke, sisters of the bride, and Miss Sandra Jim Shirley, wore identically styled gowns in pastel colors with head-dresses of matching flowers, and sprays of carnations tinted to match their costumes formed the bouquets they carried.

A frock of sky blue organza featuring inserts of white ribbon was worn by the flower girl, Miss Michelle Gerchow. A matching bow was her headpiece, and she carried a miniature basket filled with white carnations.

For the ceremony and a reception held in the Army and

Navy Officers' Club, Amador, Panama Canal Zone, Mrs. Koepke chose a powder blue and silver ensemble and matching accessories, and a dress of beige Italian lace was worn with beige accessories by the bridegroom's mother. Their flowers were shoulder corsages of white orchids.

Melvin Dean Kennedy attended Mr. Helin as best man, and wedding guests were ushered by Thomas Frost and Lewis Cooper, who serve with the bridegroom as members of the Balboa Police Force, and Henry Bell Touhy, brother of the bride.

Arrangements of white asters, gladioli and carnations centered the white and silver bride's table arranged for the reception and a wedding luncheon, and the guest tables held bouquets of asters. Ice sculptures of bridal hearts decorated three buffet tables, and figures of a bride and bridegroom topped a four-tiered cake which was cut by the newlyweds with Capt. Koepke's Naval sword.

Wedding and reception guests included Adm. George Koch, Commandant of the 15th Naval District, and Mrs. Koch; Gov. and Mrs. Jose Maria Gonzalez of Colon and El Valle; Mayor Pastor Ramos of the Guardia Nacional of Panama, and officers of the Balboa Police Force.

Following the reception, Mr. and Mrs. Helin departed on a wedding trip to San Jose, Costa Rica, where the bride graduated from Colegio de Sion.

Mr. Helin attended Dixon schools, and served three years with the United States Army Security Agency prior to becoming a member of the Canal Zone Police Force in Balboa, Republic of Panama.

The bridegroom's mother was accompanied to Panama by her son, David L. Helin, Schiller Park, and following the wedding, they were guests of Capt. and Mrs. Koepke and Gov. and Mrs. Gonzalez.

Morgan-Kull Marriage Vows

AMBOY — Miss Suellen Morgan, daughter of Mr. and Mrs. Claire Morgan, Amboy, became the bride of Hershel Kull, son of the Carlis Kulls, Mackinaw, in a double-ring wedding held at 2:30 p.m. Dec. 10 in Lilly Bible Church, Mackinaw.

Rev. Robert Zehr officiated as the couple exchanged nuptial vows before an altar trimmed with arrangements of pink gladioli and white carnations, and the soloist, Mrs. Diane Tyler, Bloomington, sang "Because" and "Wedding Prayer" as organ accompaniment was provided by Mrs. Keith Huff, Minier.

The bride's floor-length wedding gown, fashioned of white silk crepe, was accented by a rolled collar and wrist-length bell sleeves of French lace re-embroidered with seed pearls. A pearl-trimmed lace pillbox held her full-length bridal veil of nylon tulle, and she carried three long-stemmed white roses as she was escorted to the altar by her father.

Miss Glenda Condon, Bloomington, who attended the bride as maid of honor, was attired in a full-length gown combining a pink satin skirt and an empire bodice of cranberry red velvet. Pink veiling encircled her pink satin headdress, and she carried a long-stemmed pink rose.

An identical costume was worn by the bridegroom's niece, Miss Dru Anne Kull, who participated as flower girl, and her flowers were pink and red rosebuds.

For her daughter's wedding, Mrs. Morgan selected a two-piece gold knit ensemble, black accessories and a corsage of bronze daisies, and the bridegroom's mother chose a sheath of pastel blue wool jersey, navy blue and white accessories and a white rose corsage.

Attending the bridegroom as best man was Carl Kull, Mackinaw; ushering was done by George Dietrich, Minier, and Larry Keeran, Bloomington, and serving as ringbearer was Randy Dietrich, Minier.

A reception in the church social hall following the ceremony was attended by wedding guests from Amboy, Mackinaw, Peoria, Rochelle, Ohio, Bloomington, LeRoy, Normal, Sparland, Washington, Varna, Toluca, Minier, Danvers, Morton, Deer Creek, Hudson and Joliet.

A tiered wedding cake, which centered the refreshment table, was served by the bride's sister,

MR. AND MRS. HERSHEL KULL

Mrs. Deloss Meils, and Mrs. Elmer Garee, and punch and coffee were poured by Miss Shirley Meils and Miss Marilyn Hunter. Presiding at the gift table were Miss Maria Verkus, Miss Debbie Meils, Miss Darcy Kull and Mrs. Carl Kull.

When the newlyweds, who will reside in Mackinaw, left on a wedding trip through the southeastern states, the bride was wearing a light blue jersey frock with blue accessories and a coat of navy blue wool. An Amboy High School graduate, she attended Illinois State University, Normal, and is presently employed as an X-ray technician.

Mr. Kull, a graduate of Deer Creek-Mackinaw High School, attended DeVries Institute of Technology and Moody Bible Institute, Chicago, and is employed as a test engineer for Eureka-Williams Company in Bloomington.

'Y' Basketball League Results

Thursday evening's action in the YMCA basketball league saw Dixon Publishing Company defeat McCarthy Tire by a slim one-point margin, 56-55, and Popeye defeat Raynor, 66-58, in another close contest.

The Publishing company jumped off to an early lead as they out-scored the Tire team 20-15. McCarthy's rebounded in the second period as they tallied 19 markers while holding Dixon Publishing to eight. Score at the half was Dixon Publishing 28, McCarthy Tire 25.

In the third period of action the Tire boys again managed to out-tally the Publishing Company as they hit for 19 big markers while the Publishing Company was tallying 15. At the end of three periods of play the scoreboard read McCarthy Tire 44, Dixon Publishing 43.

The publishers came back in the final period on some hot shooting by Bob Hargrave and Pat Harmon to edge the Tire boys in the end, 56-55. McCarthy's scored 11 points in the final period, while the Dixon Publishing Company was tallying 13 to cop the win.

Bob Hargrave led all scorers as he ripped the nets for 21 points on nine buckets and three free throws. He was followed by Harmon and Schott with 10 points each.

McCarthy Tire was paced by Englewood with 18. Grove with 15 and Jones with 12.

The win by Dixon Publishing allowed them to remain in a second-place tie with four other teams, only one game behind league-leading Lawton's.

Popeye used a 22-point first period to defeat Raynor, 66-58. Raynor tallied 16 markers in the opening period but still found themselves down by six.

Second-period action saw the Raynor squad cut the Popeye lead in half as they tallied 11 markers to eight for Popeye and the teams left the court with Popeye in command by a slim three-point margin, 30-27.

Popeye rallied again in the third period as they scored 16 points while Raynor was tallying 12. Both teams battled back and forth throughout the final period of play with Popeye finally managing to get the upper hand, 20-19. Final score of the ball game was Popeye 66, Raynor 58.

Don Kessel paced the winners with 17 points, while Steder received the runner-up honors by tallying 14 markers.

Jim Knigge of Raynor re-

ceived game honors as he scored 19 points on eight buckets and three charity tosses. Bothe was the runner-up for Raynor with 15 points to his credit.

Forreston Cardinals Host Annual Tourney

FORRESTON — A total of 16 teams are entered in the annual Forreston Holiday Tournament scheduled to be held here Tuesday through Friday.

Teams entered include high schools from Forreston, Shannon, Oregon, Lena-Winslow, Orangeville, Thomson, Pearl City, Leaf River, Polo, Tampico, Burlington (Central), Hanover, Elizabeth, Walnut, Warren and Lanark.

First game of the tournament gets under way at 9:30 a.m. Tuesday between the host school and Shannon. Oregon and Lena-Winslow are slated to meet at 11 a.m. the same day, with the winners of those two games to play in the quarterfinals at 11 a.m. Wednesday. Losers of the Forreston-Shannon and Oregon-Lena-Winslow game meet at 9:30 a.m. Wednesday in the consolation bracket.

Orangeville and Thomson play the third game of the day Tuesday when they meet at 1 p.m., while Pearl City and Leaf River square off at 2:30 p.m. Tuesday. Winners of these two games play in the quarterfinals at 2:30 p.m. Wednesday.

Losers of the Orangeville-Thomson and Pearl City-Leaf River contests play at 1 p.m. Wednesday.

Winners of the first two quarterfinal games in the championship bracket meet in

the semifinals at 2:30 p.m. Thursday while winners of the first two games in the consolation bracket advance to the semifinals of that division to play at 1 p.m. Thursday.

Fifth game of the day Tuesday, in the opening round of play, pits Polo against Tampico at 4 p.m., while the sixth game Tuesday, scheduled to begin at 6 p.m., will find Burlington Central and Hanover meeting. Winners of these two contests advance to the quarterfinals, where they will meet at 6 p.m. Wednesday.

Elizabeth and Walnut will play in the seventh game Tuesday, set to get under way at 7:30 p.m., while the final game in the opening round is scheduled for 9 p.m. Tuesday between Warren and Lanark. Winners of these games play at 9 p.m. Wednesday in the quarterfinals.

Victors in these last two quarterfinal games advance to the semifinals of the winners' bracket, where they will play at 9 p.m. Thursday.

Losers of the Polo-Tampico and Burlington Central-Hanover game play at 4 p.m. Wednesday in the consolation round, while losers of the Elizabeth-Walnut and Warren-Lanark contests are scheduled to play at 7:30 p.m. Wednesday. Winners of these two games then meet in the semifinal round of the consolation bracket at 7 p.m. Thursday.

Winners of the two semifinal contests in the winners' bracket will meet at 7:30 p.m. Friday for the tournament championship.

Sophs Lose To Mendota

The Dixon Dukelets came within one-minute of registering their second conference win of the season Friday evening, but fell by the wayside in the waning seconds of the game 45-41.

Neither the Dukelets or the Mendota underclassmen were particularly hot at hitting the hoop Friday as the teams were able to tally only eight and seven points in the first period, with Dixon holding the upper hand.

Mitch Steder scored four of the Dukelets eight points during this period of play, while Gehant led the Mendota five with three.

During the second period of play things didn't get much better for either team as the half-time score of 21-20 in favor of Mendota might indicate.

Following the half-time intermission both teams returned to the hardwood, bound and determined to wrest the victory from the other, but ball handling mistakes and missed layups marred the play during this period as it had in previous quarters. The Dukelets did manage to work better as a team during this period however and towards the end of the quarter appeared as though they may be ready to put together some sort of an

offense that would lead them down victory lane.

The break of the ballgame came early in the final period of play when coach Chuck Vail found his guard combination of the evening with Love and Harrison. The guard tandem began to hit from outside as the Dukelets finally were able to cop the lead from Mendota midway through the final period.

Dixon held a three-point margin with 52 seconds remaining to be played but Mendota had the ball and scored with 45 seconds remaining. The Dukelets then lost the ball on a traveling violation and before anyone had a chance to take a deep breath, the Trojan underclassmen were ahead 43-41.

Dixon had one last attempt to score, but their throw inbounds was intercepted by a wide-awake Mendota player and the game was over. The Little Trojans did manage to score once more before the regulation time ended, but the basket was not necessary and the Dukelets were in a state of confusion.

Harrison and Love paced the Dixon scoring with 8 and 9 points respectively while McLaughlin tallied 11 to lead the Mendota squad.

Polo Marcos Defeat Stillman Valley, Claim Tourney Title

Murney Paces Polo Basketeers To 74-62 Victory Over Cardinals

Polo Wins Invitational Holiday Tournament
... Elated Marco team, coach, managers and cheerleaders display championship trophy.

By ED BARTEL

POLO — Coach Bill Jenkins' Polo Marcos had to stage a second half comeback here Friday night in order to defeat Stillman Valley 74-62 to win their own Holiday Invitational Tournament. Indications throughout the first half were that it wasn't Polo's night to win, however, the Marcos came on strong late in the third period and then really poured on the steam in the final eight minutes to keep their perfect record intact.

Failure to settle down and set up plays appeared to be Stillman Valley's downfall late in the contest as on several occasions the Cardinals would bring the ball down the court and take a quick shot rather than passing the ball around to work for better opportunities.

The Marcos, on the other hand, had good luck working the ball into the key and then playing for a relatively easy shot when the

Stillman Valley defense would double up on one man. This would be brought about when a pair of Cardinals would "double team" a man behind the free throw line. As they did so, a quick pass to an open offensive player would result in an easy Polo basket.

Both teams battled on almost even terms throughout the first half, with only one point separating them both at the end of the first quarter and at half-time. At the end of the initial quarter, Stillman Valley was in front 16-15. Each team put 14 points through the hoop during the second stanza; thus the Cardinals were still one up on the Mounders, this time by a 30-29 score.

There was 6-08 showing on the clock in the third quarter when Polo knotted the score at 32-32. From this point on it was a saw battle, with the teams trading bucket-for-bucket, until with 1:20 remaining in the third period,

two quick buckets by the Marcos extended their lead to five. Although the Cardinals were able to cut the gap between themselves and Polo down to three points, it was here that Stillman Valley started to have troubles while at the same time Polo was picking up.

An idea of how much the Marcos had improved over the first half was shown by their shot charts, which indicated the Polo team connected on nine of 17 tries from the floor during the fourth quarter, while throughout the first half they succeeded on only 11 of 17 shots.

While the Marcos were finding the range better, Stillman Valley's shots seemed to be headed for the bucket, but, most hit the rim and fell off without going through the hoop. No actual count was available on how many of the Cardinals' field goal attempts were unsuccessful.

As a result of Polo's shooting

improvement late in the game, coupled with Stillman Valley's inability to find the range as they had earlier in the contest, the Polo team outscored Stillman Valley 24-15 in the final stanza to put the three point lead they had taken at the three-quarter mark on ice, as they won out 74-62.

Friday night's tourney championship which the Marcos coped, along with their win in the tournament Thursday night, runs their season record to eight wins and no losses.

Polo's next game is set for 4 p.m. Tuesday against Tampico in the Forrester Holiday Tournament.

The Mount Morris Mounders defeated Aquin of Freeport 92-58 in the preliminary game to take consolation honors.

Hustling Dukes Crush Trojans 92-76

Larry Smith Tallies 32 For the Hustling Dukes

By MEL JELLERICHS
Telegraph Sports Editor

The hustling Dukes of Coach Dick Franklin rebounded from their 94-50 defeat at the hands of Sterling last week as they handed Mendota's Trojans their first conference loss of the season, 92-76.

The Dukes were paced by Larry Smith, who tallied 32 big points for the locals in his first start in a couple of weeks. Smith accomplished this feat by scoring 14 field goals and four charity tosses.

The Dukes' Malcolm Schmitt controlled the opening tip-off and Pete Terrill opened the scoring for the Dukes as he tallied a two-pointer from underneath. Mendota responded to the challenge with a fielder as both teams volleyed the lead back and forth until midway through the first period the Dukes went on a nine-point scoring spree. Schmitt began the rally by hitting on a jumper from the side. Terrill added another two-pointer for the hustling Dukes from close in and was fouled in the process. The junior forward stepped to the line and dunked the charity toss through the net. Larry Smith tallied a two-pointer on a rebound shot and Malcolm Schmitt added still another fielder before the Mendota Trojans were able to find the range.

Again both teams traded buckets but the Dukes hit another red-hot spell just at the close of the initial period if play as Koesler and Terrill both tallied charity toss before the buzzer sounded.

During this initial period of play the Dukes were completely dominating the action as they out-rebounded, out-hustled and out-played the Mendota five in every aspect of the game. The score at the end of the first

quarter of play was Dixon 26, Mendota 17.

Mendota's Larry Corrigan tallied two buckets before Smith and company began to move again—this on fast breaks led by guards Schmitt and Green.

Smith scored on a driving lay-up following Corrigan's second bucket of the quarter and the Dukes were off. Ron Koesler scored on a charity toss and Schmitt tallied a pair of fielders on a rebound shot sandwiched around a charity shot by Schmitt. Don Hamel swished the nets for Mendota on a long jumper, but the Dukes were not to be denied their revenge as Terrill, Koesler and Schmitt tallied fielders before the Trojans' for Mendota.

Smith tallied a pair of gift throws and Ron Koesler added still another free throw as the red-hot Dukes continued to pour it on the Mendota boys. Ron Koesler then tallied five straight points for the locals as the Dukes jumped to a 47-28 half-time lead.

George Green was injured during the second period of play when the referee swung around to talk to the official scorer and then back to floor only to hit Green in the eye with his elbow. George was taken to the dressing room with slightly more than two minutes of playing time remaining in the half.

A doctor was called to the dressing room, where he bandaged Green's eye, and the scrappy Purple and White guard returned, following the intermission, for more action on the hardwood.

The Dukes had out-scored the Trojans 20-11 during this second period of play to hold their 19-point half-time lead.

Third period action saw the Dukes again out-score their NCIC opposition, this time by a score of 26-22.

Don Hamel opened the second half scoring for both teams, when he canned a long jumper for the Trojans and Kilmartin added a charity toss before the Purple and White hustlers went to work again.

Koesler, Schmitt, Covert and Smith all tallied field goals from inside the key area before Kilmartin could tally another point for Mendota on a free throw. Schmitt, Koesler, Smith countered this charity toss with fielders as the Dukes continued to outclass the opposition.

Hamel hit a charity toss for the Trojans and Corrigan tallied a jumper from the left side of the key as the Trojans attempted to come back. Smith hit on a short jumper from the free throw line and Ron Koesler, who played one of his steadiest games all season, scored on a fast break for the Purple and White.

Faber scored on a left-handed push shot from the corner for Mendota, Hamel added two free throws and a jumper before Koesler of Dixon could tally for the Dukes.

Mendota and the Dukes then exchanged buckets through the remainder of the period but the

damage had been done earlier in the period and the Dukes led 73-50 at the sound of the horn.

The Trojans' Don Hamel put on a shooting exhibition in the final period as he began to find the range on his long one-handers and jumpers. Mendota managed to out score the Dukes during this final period 22-19, but this was far from enough to hurt the Dukes to any great extent as they had a 23 point bulge going into the final period of play.

Hamel opened the fourth period scoring with a long jumper and followed it up with a charity toss and another fielder before Larry Smith could hit a charity toss.

Corrigan tallied a two-pointer for Mendota as the Trojans seemed bent on making it a game yet.

Larry Smith and Ron Koesler soon put all of these notions out of the Trojans minds however—as the tandem hit for eight quick Dixon points to give the Dukes their 20 point lead once again. Hamel and George Green, who returned to action late in the third period, after his injury, tallied a two-pointer.

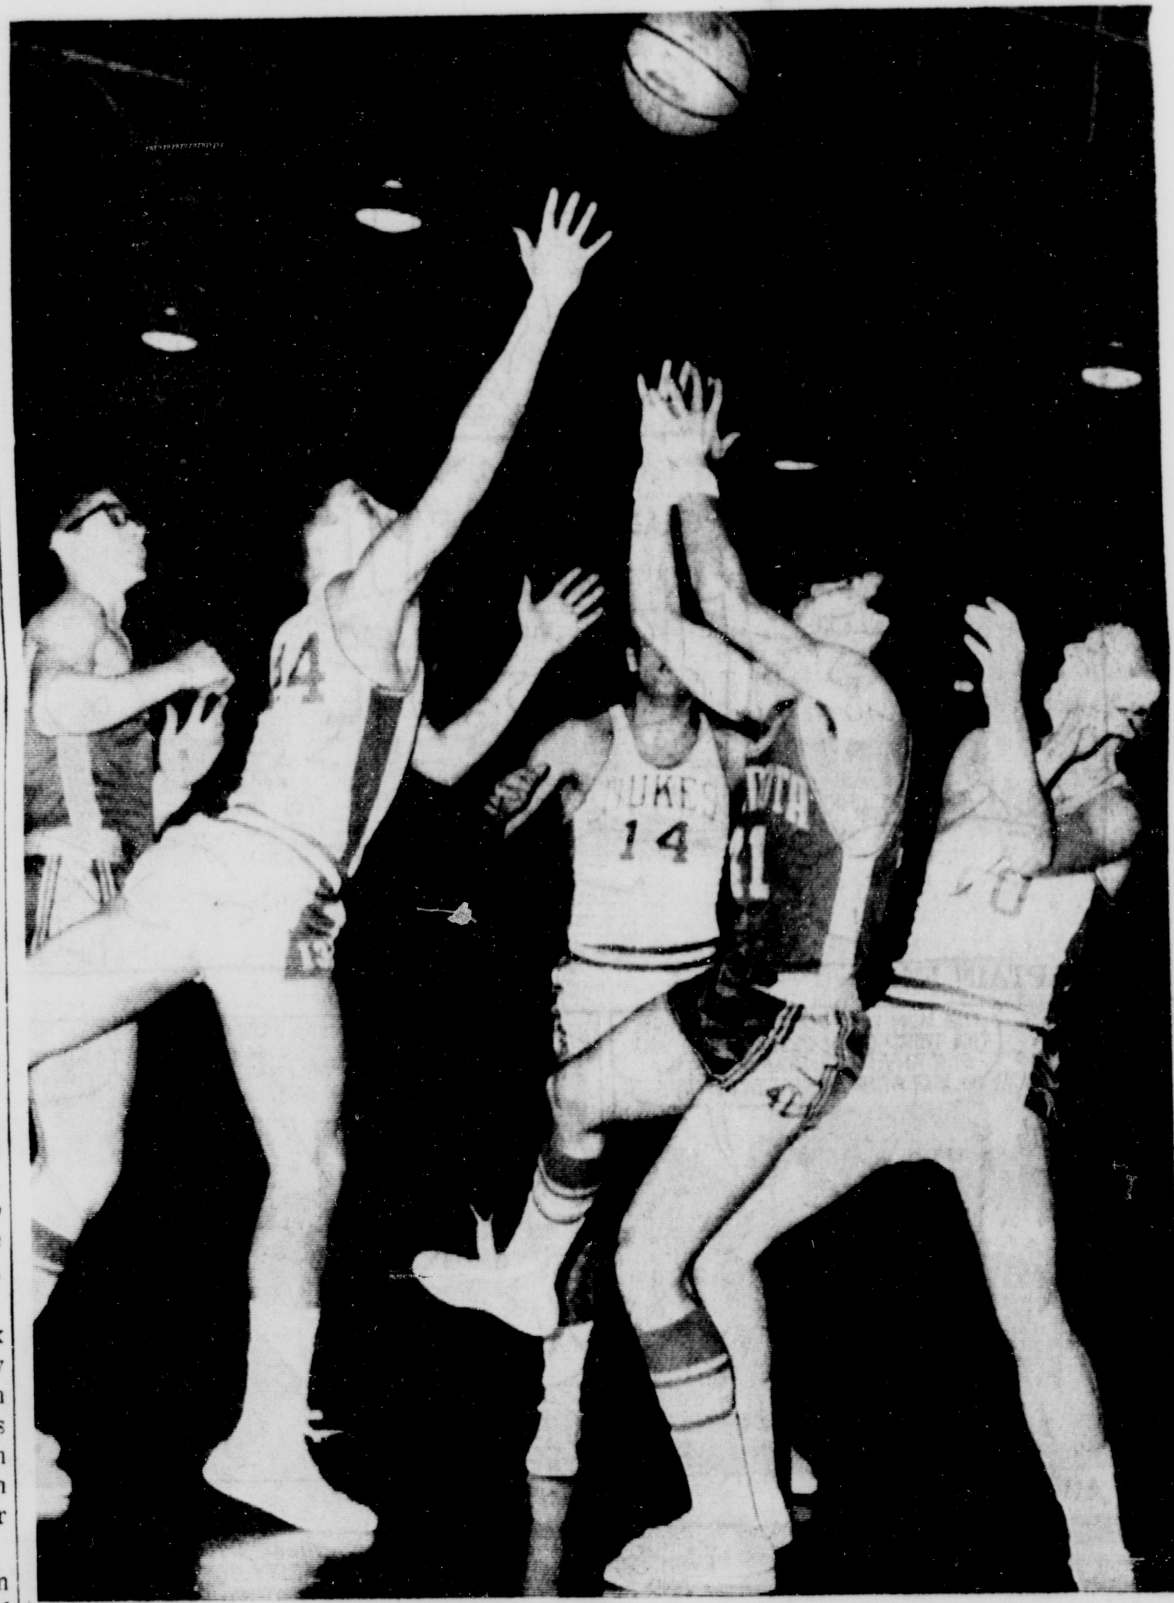

Mendota then reeled off six straight points on buckets by Johnson, Hamel and Corrigan but this was all to no avail as the Dukes came back to match these points on buckets by Welch and Smith in addition to a pair of free hrows by Welch.

Both teams scored on an even keel throughout the remainder of the contest with the Dukes coming out on the winning end of a 92-76 NCIC contest.

The win gives the Dukes a 2-1 conference mark and a 4-2 mark for the season. Dixon will be playing their next game against the Carver Challengers in the Rockford Classic Holiday tournament on Wednesday, Dec. 27. Game time is set for 3:30 p.m.

Leading the Dukes in scoring Friday was Smith with 32 followed by Ron Koesler with 20, Mal Schmitt 15 and Pete Terrill 10.

Hamel paced the Mendota scorers with 27 markers followed by Corrigan with 23.

Swan Lake?

John Whitmore (21) of Mendota attempts to get off a shot — but Dixon players Larry Smith, Ron Koesler and Pete Terrill have other ideas, while the Trojans' Kilmartin looks at the action from a safe distance. Larry Smith managed to tip the ball back to Pete Terrill and the Dukes were off on a fast break. Dixon defeated the Trojans 92-76 for their second NCIC win of the season.

NCIC Cage Round-up

The list of undefeated teams in the North Central Illinois Conference has dwindled from four to two as the result of activity between league schools this past week.

Knocked from the ranks of the unbeaten were Sterling, who succumbed to Geneseo Thursday night 62-60 and Mendota, who was beaten by the Dixon Dukes Friday night 92-76.

These losses leave only LaSalle-Peru and Geneseo with unblemished records, both having conference marks of three wins and no losses. LaSalle-Peru played their league game last Saturday night when they throttled Rock Falls 90-64.

After suffering the setback at Geneseo Thursday night, Sterling's Warriors bounced right back to defeat their arch-rivals, the Rock Falls Rockets, 82-55 Friday night in the Sterling field-house. The win leaves the Warriors near the top in the conference with a three and one

record as they have played one more league game than all the other NCIC schools with the exception of Rock Falls.

Ottawa's Pirates put their conference average over the .500 mark last Saturday night when they defeated Streator 62-47 to gain their second win against one loss. Hapless Streator is now winless in three league starts.

Rochelle registered their first NCIC victory of the season Thursday night when they had a relatively easy time defeating Kewanee 59-42. The Hubs had lost their two previous league outings. Kewanee has an identical conference record of one win and two losses.

Princeton's Tigers notched their first conference victory Thursday night when they defeated Hall of Spring Valley 53-35 in a relatively low-scoring game. Hall has lost all three of their NCIC games thus far.

Statistics released on the North Central Illinois Conference this

week show two Geneseo players John Pearson and Steve Watson to be the leading scorers in league contests with 65 and 63 points respectively. Rick Kent, Rock Falls, placed third with an output of 60. Bringing up the next two spots are John Youngdale of LaSalle-Peru with 56 and Larry Gibson of Rock Falls with 54.

Conference games will not resume until Friday, Jan. 12, when a full slate of contests is on the schedule.

Clippers Fall to Putnam

NEW BEDFORD — The Amboy Clippers fell into the consolation bracket here Friday evening as they were defeated by Putnam County 89-62.

The Clippers fell behind early in the contest and were never able to generate enough of an offense to catch the high-flying Putnam five. Putnam opened the contest by literally shooting the eyes out of the basket as they hit for 20 points in the initial period, hitting on nearly every shot they took from the floor. Amboy, on the other hand, were having their problems as they were able to garner but 12 points during the opening period.

In the second quarter the Clippers, paced by some hot shooting by Jim Dickinson, knocked two points off the first-period margin held by Putnam County as the local Clippers tallied 19 markers, while Putnam scored 17 points.

This was not enough to overtake Putnam, however, as the Clippers left the playing floor trailing by six, 37-31, at the half-time intermission.

Putnam County regained their

poise in the third period of play as the visitors tallied 24 points during this period, while the Clippers were having another one of those quarters when they just couldn't do anything right. Amboy tallied but 14 points in this quarter.

Putnam County continued to dominate play in the final period of play as they scored 28 more big markers in this quarter. Amboy was able to garner 17 points during the period, but this was not nearly enough as the final score on the board read Putnam 89, Amboy 62.

Putnam County had adjusted to the Amboy press very well during the intermission and time and time again in the second half of play the visitors were able to break a man loose for the easy lay-up for two points.

Jim Dickinson really played a fine game for the Clippers as he tallied nearly half of the Amboy points single-handedly. Dickinson tallied 11 field goals and 15 free throws for a total of 37 points for the evening's work. Eller was the only other Clipper

to score in the double figures as he tallied 11 points.

Dickinson of Amboy was not the only player on the hardwood to have an outstanding night Friday as Zielinski of Putnam County countered Dickinson's 37 points with 44 of his own. He tallied his 44 on 18 fielders and eight charity tosses. Spratt added 18 points for the winning Putnam County five.

Tonight the Amboy Clippers will meet the Hall Red Devils for third place in the Manlius tournament. Game time is scheduled for 7:30.

Manlius will attempt to stop Putnam County in the Championship game immediately following the Amboy-Hall contest.

Christmas In The Heart

It is Christmas in the mansion,
Yule log fires and silken frocks;
It is Christmas in the cottage,
Mother's filling little socks;
It is Christmas on the highway,
In the thronging busy mart;
But the dearest, truest Christmas
Is the Christmas in the heart.

HOLIDAY MESSAGE

FOR HAPPY HOLIDAYS -- GIFT WRAP YOURSELF!

WHAT'S THE MOST VALUABLE PRESENT YOUR FAMILY WANTS TO FIND BESIDE THE CHRISTMAS TREE?

IT'S YOU

Without you, it wouldn't be Christmas. Without you, it wouldn't be a family. Without you, nothing would be right any more. So keep yourself safe, every way you can, for that family who loves you.

One very easy but very important way: Take a couple of seconds before you start your car to lock the door and fasten your seat belt. Wrap yourself in the solid protection of that auto's safety-engineered body, in the gentle but firm restraint of that "circle of safety" belt.

Do this every time you drive, whether the trip be long or short. Eighty per cent of all accidents happen within 25 miles of the driver's home. Locking doors from the inside helps keep you in and other people out. Seat belts? Studies indicate that their regular use could save some 13,000 lives yearly and reduce injuries one-third.

Incidentally, you are valuable to us, too. You are an important member of our "family" of friends. And it wouldn't be the same without you.

So, before you drive—lock up, buckle up! Gift wrap yourself . . . to be a present with a future!

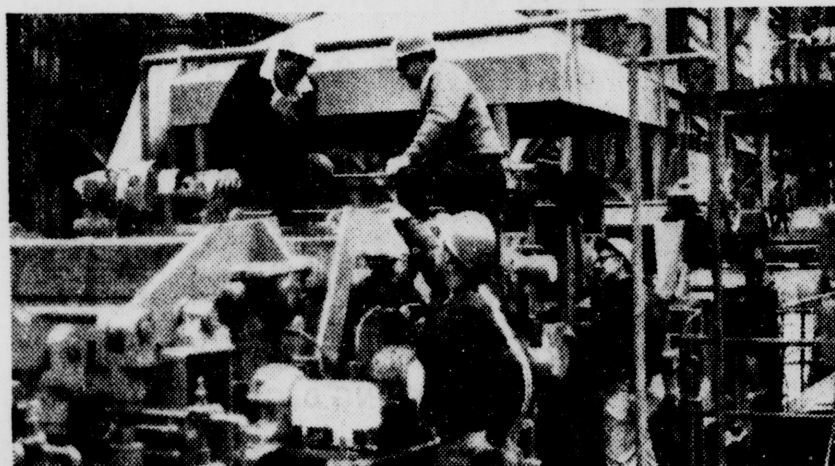

Cordially,

FIRST FEDERAL SAVINGS & LOAN ASSOCIATION OF DIXON 105 FIRST STREET "A FRIENDLY PLACE TO DO BUSINESS"

THANK YOU!

I am hopeful that this small item will be impressive enough to thank the public for their purchase of Christmas trees from the Dixon's Men's Garden Club. It has been a very successful program through your cooperation and we are very proud. Through these Holiday Seasons we give thanks to our Maker, and friends for their Gratefulness and Blessings. Through our friends may we continue to make Dixon great.

The Worry Clinic

By DR. GEORGE W. CRANE

CASE E-542: Nina G., aged 17, asks a shrewd question. "Dr. Crane," she began, "what makes people try to take God out of the schools?"

"Why, my school deletes the fourth stanza of 'My Country 'Tis of Thee.'"

"But has atheism ever built thousands of hospitals, colleges, youth halls and other wonderful aids for happier living?"

"Does it teach children to be kind and unselfish?"

"So why is America letting one per cent of the population coerce the other 99 per cent concerning religion?"

"By their fruits," Jesus said, "shall ye know them."

Use this yardstick to contrast atheism with both Christianity and Judaism.

Alas, many Americans are stampeding like silly sheep.

For example, when the Supreme Court ruled that New York could not compel public school children to recite an arbitrary prayer developed by the teacher, that was in keeping with our Constitution.

But most Americans immediately thought all prayers were thus taboo in the schools.

Not so!

Every one of the other 49 states could still duplicate even that arbitrary assignment of a prayer!

For the Supreme Court is NOT a legislative body! Memorize that!

So it renders an opinion solely on the single case at issue, but this decision is NOT a general law, otherwise the Supreme Court would invade the functions of Congress!

Congress alone can make federal laws.

Ultimately, of course, if some atheist took such a case to court in each of the other 49 states, that use of an arbitrary prayer would finally be doomed, as per the Constitution.

But not until each separate case had been brought to court!

Too many Americans, and even Congress, are mistaken about the function of the Supreme Court!

DOTTIE DIXON'S DIARY

Jack Zentz, Harmon, a freshman at North Central College, Naperville, is spending a Christmas and between-quarters vacation with his parents, Mr. and Mrs. Glenn Zentz.

He will be home until Jan. 29.

Gary Boyd, 1017 W. Seventh St., a student at Northern Illinois University, DeKalb, and a Choir and the Concert Band, will participate in a program presented by the University Choir and the Concert Band, which will be televised on WREX-TV, channel 13, Christmas Day at 4 p.m.

Robert Smith, Polo, a student at Loras College, Dubuque, Iowa, is spending the holiday vacation with his parents, Mr. and Mrs. A. J. Smith.

Mr. and Mrs. Donald Thomas, 919 N. Hennepin Ave., will spend Christmas with their son and daughter-in-law, the Kenneth Churches, Mount Prospect. Mr. Church is a pilot with American Airlines.

Patrick Kyker, who is stationed at Great Lakes Naval Training Center, and his brother, Michael, who is stationed at San Diego, Calif., are spending the holidays with their parents, Mr. and Mrs. Kyker, 1210 W. Seventh St. They visited their grandmother, Mrs. Lillie Kyker, Polo, Wednesday.

The David Edelsons, Rt. 1, Plum Hollow Road, will spend some time in Chicago over the holidays, where they will be visiting theaters and museums.

Former Dixon Police Sgt. Charles R. Tuttle, 305 W. Fifth St., Sterling, underwent back surgery Wednesday at Rockford Memorial Hospital. He is in room A124, bed one.

It is NOT a law-making body so its opinions hold only for each case immediately before it. Alas, it even reverses its own opinions within a few years!

Besides, the Supreme Court did NOT veto having children indulge in prayer at school, as long as the teachers do not insist on an arbitrary prayer!

If the kiddies want to compose their own prayers or recite any from their catechism, that is legal, even in New York State, as long as there is no compulsion exerted by the teacher!

Yet our daughter Judy told me that the panicky public school in New Jersey where her son Matthew entered first grade, had even forbidden the use of that fourth stanza of "America," which reads:

"Our Father's God to thee, author of liberty, to thee we sing.

"Long may our land be bright with freedom's holy light; protect us by Thy might, Great God our King."

Is there any sectarian doctrine in that fourth stanza that should prevent its use by our school children?

Is it copyrighted by the Jewish or Roman Catholic or Protestant churches or Mormon or Orthodox Greek and Syrian Catholic faiths? Certainly not!

So send for my booklet "The Logical Proof of God," enclosing a long stamped, return envelope, plus 20 cents, and stabilize your kiddies before the smart aleck one per cent of Communist atheists contaminate their idealism!

It is high time to make Communists "put up" or else "shut up!"

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Santa Claus Visits Compton

COMPTON — A large turnout of children were on hand Saturday to talk to Santa Claus on his visit at the fire station.

Santa's visit was sponsored by the Compton Community Club, which has erected a large lighted Christmas tree north of Lamoreux's store in the village. Arthur Chaon, Mendota, formerly of Compton, donated the tree.

Many homes in the village are also featuring colored lighting and Christmas displays.

Treats and gifts from the Compton Woman's Club and a program from Dixon were taken to Eldena Nursing Home Friday afternoon for the monthly birthday party for home residents. Participating from Compton were Mrs. Clayton Weiler, Mrs. Earl Bettner, Mrs. LeRoy Englehart and Mrs. Wilson Rhoads.

Surprise Friend

LEE CENTER — Mrs. George A. King, Mrs. Anna Chronister, Mrs. Ray Dallam, Mrs. Margaret Jones, and Mrs. Florence Cater went to Mrs. Andrew Larsen's Wednesday and gave her a surprise party.

Mr. and Mrs. William B. Posey, Elyria, Ohio, were weekend guests of Mr. and Mrs. Larry Cater, Lori, Michael and Mark.

Mr. and Mrs. Virgil Page attended the wedding of Roger Page and Miss Jeanette Olsen in Galesburg, Saturday evening.

Amboy Woman Has Surgery

AMBOY — Miss Irene Westcott who was admitted to the KSB Hospital, Dixon, Dec. 11, submitted to major surgery there Monday. She is reported to be making a satisfactory recovery.

Mrs. Charles Roark, Stone Lake, Wis., was taken ill here while visiting Mrs. Theodore Knoll Sunday evening. She was taken to Amboy Public Hospital and is reported to be improving.

The members of Shaw's Gasers bowling team had a Christmas party at Mrs. Howard Shaw's following the regular bowling session Monday evening.

The group had a gift exchange and the hostess showed colored movies of last year's party and lunch was served.

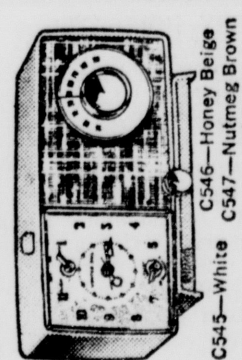

Cairo, Egypt, is the largest city in Africa.
